scratchnomore®

# FURNITURE GLIDERS FOR OPTIMAL PROTECTION!

Art.-Nr.: 6000505901 GB-11/15

# THE RIGHT SOLUTION FOR YOUR FURNITURE

scratchnomore is a furniture glider system which was designed for all types of chairs and furniture, as well as for every kind of floor.

The special fibres of the protective caps absorb dirt particles and safely lock them away. For example, if sand comes between a chair-leg and the floor, there will be no more resulting scratches! Furthermore, even wetness will not cause the material to dry out. So your floors will remain protected!

## At a glance:

- absolutely scratch-free
- resistant to moisture
- muffles noise
- easy to fit
- suitable for all chairs and furniture

## Footfixx Hollow

- for all wickerwork chairs with an interior diameter of 10-30 mm
- suitable for round as well as square chair legs
- thanks to its pivot-head, can also be used with angled chair legs (up to 30 degrees)
- replaceable protective caps available in 2 sizes (Ø 28mm/34mm)

## Footfixx Wood

- for all chair and table legs made of wood
- simply screw the basic part into the wooden base and put the protective cap over it
- replaceable protective caps available in 2 sizes (Ø 28mm/34mm)

## Footfixx Threaded

- for all chair and table legs with interior screw-thread sizes of M 8 or M10
- simply screw the basic part into the foot of the furniture and put the protective cap over it
- replaceable protective caps available in 2 sizes (Ø 28mm/34mm)

## Footclick 2

- For all chair and table legs made of wood and plastic
- basic part can be screwed on
- available in 3 sizes (Ø 25mm/31mm/44mm)
